No

B. Installing the Hardware

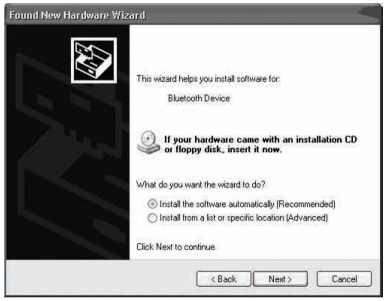
Simply connect the **UD2 USB Bluetooth Mini Adapter** to an available USB port of your computer after the installation of Bluetooth application.

If it cannot be installed automatically, you have to follow the procedures below when Found New Hardware Wizard appears:

1. Select whether you want Windows to connect to Windows Update to search for software. If not, click **Next**.

Found New Hardware Wizard
Welcome to the Found New Hardware Wizard
Windows will search for current and updated software by looking on your computer, on the hardware installation CD, or on the Windows Update Web site (with your permission).
Read our privacy policy
Can Windows connect to Windows Update to search for software?
Yes, this time only
Yes, now and every time I connect a device
No, not this time
Click Next to continue.
< Back
Next >
Cancel

2. Select “Install the software automatically (Recommended)” and click **Next**.



Found New Hardware Wizard
This wizard helps you install software for:
Bluetooth Device
If your hardware came with an installation CD or floppy disk, insert it now.
What do you want the wizard to do?
Install the software automatically (Recommended)
Install from a list or specific location (Advanced)
Click Next to continue.

Cancel

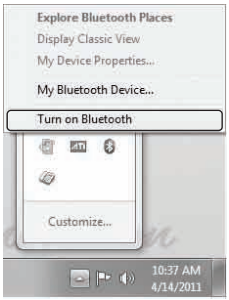
3. Click **Finish**.

Using Your Headset with VoIP Applications

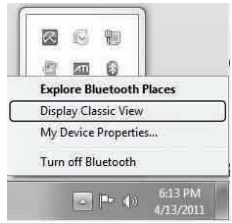
Example: Skype for Windows 7

1 . Connect the **UD2 USB Bluetooth Mini Adapter** to an available USB port of your computer after the installation of the Bluetooth software.

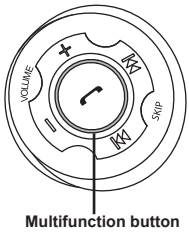
2. Click on the icon located in the system tray and select **“Turn on Bluetooth”** from the pop-up menu.



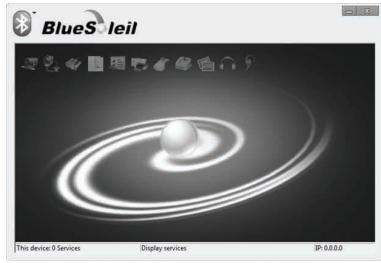
3. To start the IVT BlueSoleil software, click the icon located in the system tray. Select **“Display Classic View”** from the pop-up menu.



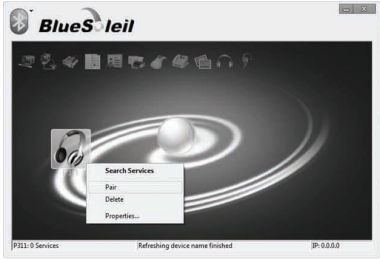
4. To activate the pairing mode on your P311, press the **multifunction button** for 7 seconds until the red and blue LED flash alternately.



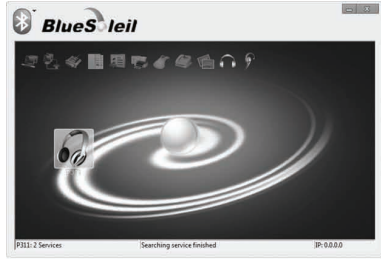
5. Double click on the orange ball to start / stop searching for Bluetooth devices within range.



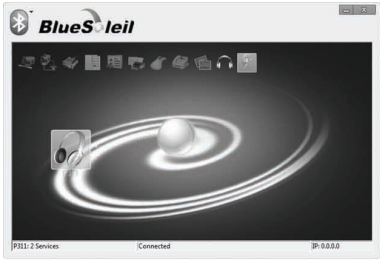
6. Right click on the P311 icon and select **Pair**.



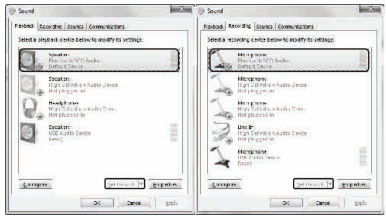
7. Double click on the P311 icon to search Bluetooth services.



8. Double click on the **Bluetooth Headset and Microphone** service icon to initiate the connection. The application will connect the headset to your PC (the icon will become green).

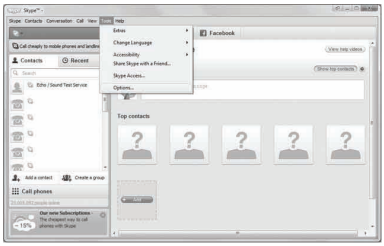


9. Right click on the icon in the notification area on the Windows taskbar and select **Playback devices**. In both the Playback and Recording tabs, set **Bluetooth SCO Audio** as the Default Device.

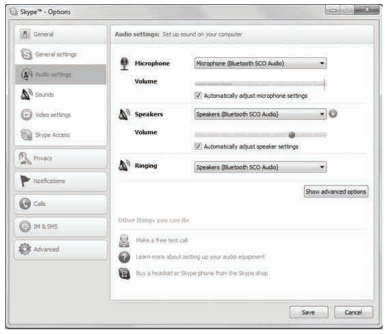


This step may need to be repeated after a restart of Windows.

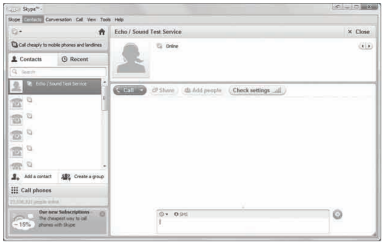
10. Sign in to Skype and select **Options…** in the **Tools** menu.



11. Under Audio settings, select your Bluetooth device from the Microphone, Speakers and Ringing dropdown lists.



12. Check that your Skype audio settings are correctly configured by calling the Echo / Sound Test Service (Skype name:echo123)

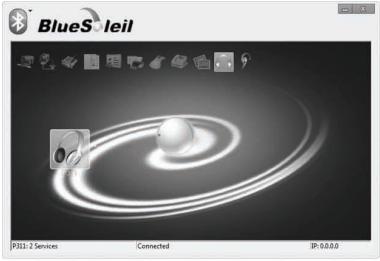


Listening and Sharing Digital Audio from Your PC*

*Undistorted CD sound quality can only be guaranteed by using the UD2 Bluetooth USB Mini Adapter from ARCTIC.

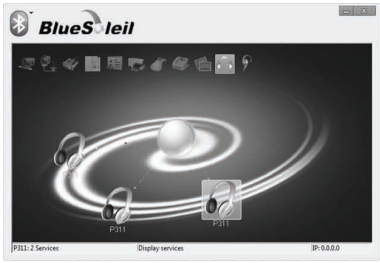
1. Follow steps # 1 to 7 from the section on **Using your headset with VoIP Applications**.

2. Double click on the **Bluetooth Advanced Audio** service icon to initiate the connection. The application will connect the headset to your PC (the icon will become green).



3. Right click on the icon in the notification area on the Windows taskbar and select **Playback devices**. In the Playback tab, set **Bluetooth AV Audio** as the Default Device.

4. Connect up to 3 headsets to your computer by simply repeating the steps # 1 to 3 above.

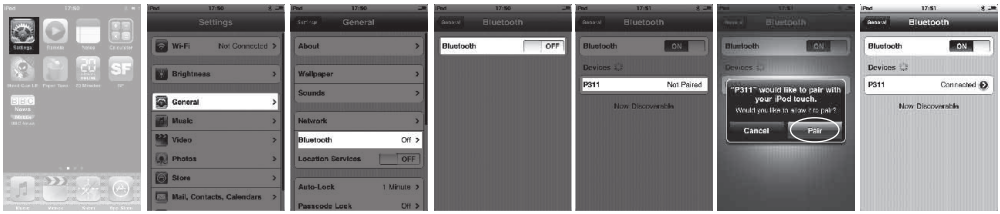


Using Your Headset with Mobile Phone

1. To activate the pairing mode on your P311, press the **multifunction button** for 7 seconds until the red and blue LED flash alternately.

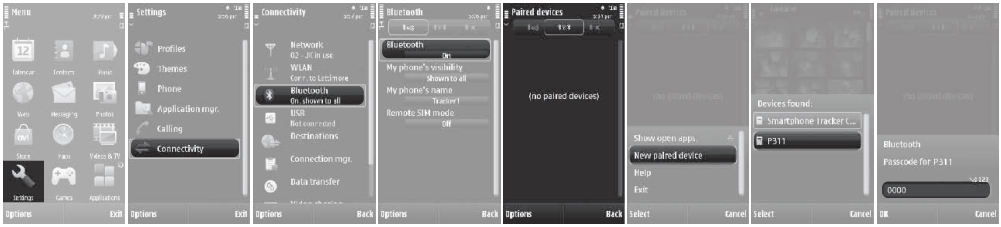
2. Turn on Bluetooth on your phone and pair it with the headset

Example: iPad / iPhone / iPod Touch
Press Settings > General > Bluetooth > Bluetooth on > P311 > Pair

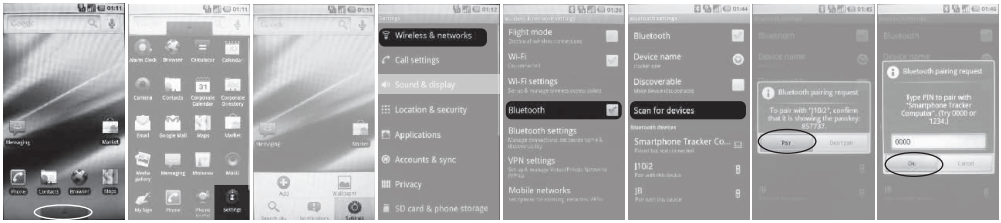


*In some cases, the headset needs to be reconnected after switching off the iPad / iPhone / iPod:
Press Settings > General > Bluetooth > Not Connected

Example: Nokia N97 mini
Press Menu > Settings > Connectivity > Bluetooth > Bluetooth on > Paired devices > Options > New paired device > P311 > Passcode “0000”



Example: Motorola Milestone
Press Menu > Settings > Wireless & networks > Bluetooth settings > Bluetooth on > Scan for devices > P311 > Passkey “0000”



Precautions

1. Avoid extreme volume. Long term exposure to loud music may cause hearing damage.
2. The radio waves emitted by the headset and wireless transmitter can affect the operation of nearby electronics including medical devices.
3. Keep the unit in a cool, dry place.

Warranty
This ARCTIC product includes a 2-year limited warranty. For further information, please consult warranty.arctic.ac
